

Utilities

Functions that provide  
dynamically buffered  
stream-like data structures

```
graph LR; A[Functions that provide dynamically buffered stream-like data structures] --> B[Utilities]
```

The diagram consists of two rectangular boxes. The box on the left is white with a black border and contains the word "Utilities". The box on the right is gray with a black border and contains the text "Functions that provide dynamically buffered stream-like data structures". A black arrow points from the right side of the gray box to the left side of the white box, indicating a relationship or flow from the functions to the utilities.
