

Nucleic Acid Sequences
and Structures

file_formats.h

```
graph LR; A[Nucleic Acid Sequences and Structures] -- "file_formats.h" --> B[Files and I/O]
```

The diagram illustrates a dependency between two modules. A grey box on the left contains the text 'Nucleic Acid Sequences and Structures'. A black arrow points from this box to a white box on the right containing the text 'Files and I/O'. Above the arrow, the text 'file_formats.h' is written, with each character underlined in green.

Files and I/O
